

EWM Treatment Authorizations Urgently Needed

While the response to our request for authorization to treat your shoreline for Eurasian Water Milfoil was good, we are still missing many signatures. In fact, **there are very few shorelines where we have all of the signatures that are required for treatment.**

Without authorization we may not be able to treat shorelines that really need it.

Please do the following:

- If you haven't sent in your signed authorization (or you don't remember), **send it today.**
- Remind your neighbors to send their authorization.

Signed forms can be mailed to:

David Devins
PO Box 1220
Minnetonka, MN 55345

Or they can be scanned or photographed and then emailed to:

davidd953@msn.com

[Click here](#) or go to BayLake.org "What's New" to print an authorization form.

Please include your fire number. If you don't know it please include the names of your nearest neighbors.

Thank you for your support.

David Devins
